

# Dollars & \$ense Reality Fair

An exciting and valuable interactive opportunity for students to learn how to make better financial decisions and gain knowledge of budgeting, saving and banking.

*Helping Hardworking Individuals & Families Become More Financially Stable*

If you are looking for a volunteer opportunity that is both fun and rewarding, we encourage you to participate in the Dollars & \$ense Reality Fair! This opportunity will require 3 hours of your time during which you will man a booth, along with other volunteers, that students will visit to purchase something that they need or want. After visiting the booths, students will calculate their monthly budgets and have an opportunity to visit with a financial counselor to learn how to repair any problems they may have with the budget. **Training and all information needed to staff a booth will be provided prior to the simulation.**
